

IMPACT REPORT

 FY 2022

Being part of the Samaritan family means supporting one another spiritually, emotionally, and financially. As you read through the Impact Report for the fiscal year ending June 30, 2022, you'll see how your faithfulness and generosity is helping to redeem health care.

Samaritan Ministries is an amazing community. Through prayers, special notes, thoughtful cards, and generous sharing, we have lifted each other up through some of life's most difficult experiences. We pray that this impact report will be a blessing and encouragement to you. Please also read more about Samaritan in my State of the Ministry message in our January newsletter and on our blog!

MARK C. ZANDER
Chief Executive Officer

SAMARITAN MINISTRIES

Our Health Care Sharing Community

Growing up in the Soviet Union, Ella Grant knew what health care looked like without God. Today, as a Christian in America, she is overjoyed to help other believers with their health care Needs and to be helped.

Ken Bernhard was tied down to a job that took him away from his family because they needed the health care. Joining Samaritan Ministries allowed him to step into a new way to support his family ... and provide health care.
